

COMPANY DETAILS						
1) Company Name						
2) Site Name						
3) Site Location / Address						
4) Contact Name						
5) Email						
6) Phone						
7) Date						
MATERIAL INFORMATION						
8) General description of the purpose for which the system will be used:						
POWER						
9) Supply Voltage available	<input type="checkbox"/> 240VAC	<input type="checkbox"/> 115VAC	Other			
10) Supply Frequency	<input type="checkbox"/> 50Hz	<input type="checkbox"/> 60Hz	Is power regulated? <input type="checkbox"/> Y <input type="checkbox"/> N			
Chute details	Please provide photographs and drawings of chute and indicate the proposed location of the system					
11) Chute Tag # or ID	Kindly provide drawings or pictures of proposed application					
12) Chute material						
13) Material Thickness (mm)						
14) Chute inner dimension (mm)						
15) Chute outer dimension (mm)						
16) Any liners in chute						
17) Liner material						
18) Liner thickness (mm)						
Material details						
19) Material						
20) Bulk Density						
21) Particle Size (mm)						
RADIATION INFORMATION						
22) Does site have a license for Cs-137 radiation source? (If yes please attach all relevant information)	<input type="checkbox"/> Y	<input type="checkbox"/> N				
23) Does the company have an RSO (Radiation Safety Officer)? (Please attach all relevant information)	<input type="checkbox"/> Y	<input type="checkbox"/> N				
24) Any other relevant information:
